COMMENTS

Re: Audit of the Town of Newburgh
February 15, 1948 to February 15, 1949

CASH

The cash balance at the close of the year was on deposit at the Merchants National Bank, Bangor, Maine. The check book balance was reconciled with the bank statement as of February 15, 1949 and found to be in agreement.

ACCOUNTS RECEIVABLE

This receivable represents money due from the State on account of snow removal for which the Town has not yet been reimbursed.

TAXES RECEIVABLE

The records of the Tax Collector were examined and the warrant of commitment was in agreement with the Assessors' records. The commitment was accounted for by cash collections of \$13,464.31, and abatements of \$110.25, leaving uncollected 1948 taxes amounting to \$2,936.16 according to the records of the Collector. Uncollected taxes for prior years amounting to \$217.25.

TAX LIENS

The tax liens on file with the Treasurer were examined and found to be recorded at the Registry of Deeds, Bangor, Maine. New liens were recorded in the amount of \$114.20 and payments of \$90.54 were received during the year, leaving tax liens outstanding in the amount of \$97.40.

TAX ACQUIRED PROPERTY

The tax acquired property detail is shown on Schedule A-5. No transactions were made in this account during the year under examination.

NOTES PAYABLE

The notes payable remain unchanged from the previous year with \$6,500 outstanding.

DEFERRED REVENUE

This represents the amount accumulated to date for the Soil Conservation account.

SURPLUS

At the close of the year, the Town had a net deficit amounting to \$2,098.66. Of this amount, \$839.54 consists of overdraft balances in the appropriation accounts and an excess of liabilities over assets of \$1,259.12. The items making up the \$839.54 listed on the Balance Sheet as appropriated surplus are shown on Exhibit D. An analysis of change in the Town Debt (unappropriated surplus) is presented on Exhibit E of this report.

TRUST FUNDS

The several trust funds and their investments were examined and found to be properly invested with all income accounted for. The \$25,000.00 Knowlton Fund is shown as a matter of record, although the Merchants National Bank of Bangor is the Trustee of this Fund, the Town receiving the income only.

GENERAL

The corporate surety bonds of the Collector and Treasurer were examined and found in order.

Revenue obtained from excise taxes was checked and the amount of the receipts was in agreement with deposits with the Treasurer. All income from this source was transferred to Administration.

Vouchers and payrolls were examined in part, and those examined appeared to be proper charges against the accounts involved.

All unexpended balances required by law to be carried forward, and all unfinished projects having unexpended balances were carried to 1949.

Report of Superintendent of Schools

To the Superintending School Committee and Citizens of
the Town of Newburgh:

I herewith submit the annual report of the Town of
Newburgh for the municipal year ending February 15,
1950.

TEACHERS AND ENROLLMENT

Name of School	No. of Pupils	Teacher
Chapman	23	Mabel S. Hopper
Gilmore	26	Wayne Garland
Hill	21	Rhodora T. Knight
Knowlton	21	Theresa G. Chadbourne
Ward	18	Warren M. Whitcomb

The number of pupils in each school may vary a little from the above because of families moving into or from Newburgh. The attendance record has been very good this year; very few children stay at home from school unless they are ill. We appreciate the cooperation of the parents in this respect.

The work of our teachers is well known to you and deserves your commendation. Misunderstandings which arise between home and school can usually be ironed out by personal conferences between parent and teacher. Mutual responsibility for the welfare of the children demands mutual consideration for the viewpoints of both the home and the school. The newly organized Parent-Teacher Association in Newburgh can go very far in promoting this ideal relationship.

TEXTBOOKS

The recommendations which I made last year in regard

to replacement of geography texts, purchase of maps and globes, and supplementary readers apply as well to the coming year. The reason why we did not buy these necessary materials was this: we had a large overdraft in the common school account and were notified of a reduction in the state school fund. The reduction (\$476.26) has since been restored by the recent special session of the Legislature.

RECOMMENDATIONS

Among the new laws passed by the last Legislature was one which has increased the costs of high school tuition. We do not expect a much larger enrollment of high school students for next year, but the cost will be at least a third higher. Newburgh's school rate should not be materially decreased if the town is to continue to share in the Equalization Fund in 1951-52. For these reasons, we recommend the following appropriations:

Common Schools and High School Tuition: \$6,500.00, plus \$400 for special textbooks.

Repairs of Schoolhouses: \$500.00.

Superintendence: \$416.16 and the overdraft.

S. S. Committee: \$46.00.

I wish to thank the teachers, the S. S. Committee, municipal officers, and the citizens of Newburgh for their help and cooperation in the work of the schools.

Respectfully submitted,

BERTHA W. CARTER,

Superintendent of Schools.

Report of Public Health Nurse

January 1 to December 31, 1949

Public Health is that service provided to the citizens of your town which has as its aim and basic purpose health and economic security to those persons who, for one reason or another, need guidance.

Knowing that every baby needs as healthy a start in life as possible and that it is important that he continues to be healthy throughout his childhood, emphasis has been placed on prenatal, postnatal, infant, and preschool visits.

Due to the apparent lack of interest, it seemed advisable not to have Child Health Conferences in your town during the past year. However, those parents who wished to take advantage of this service were invited to the Hampden conferences.

The school health program was continued, as in previous years, through conferences with the school personnel regarding problems relating to the individual needs of the school child and his environment. In December audiometer tests were given in the Ward, Hill and Knowlton schools. The remaining schools will be tested next spring.

To those children who were referred by their family physician, diagnostic and consultation services have been made available through the Pediatric, Crippled Children's and Cardiac clinics. These clinics are held in Bangor and are sponsored by the Division of Maternal and Child Health of the State Department of Health and Welfare.

Tuberculosis still ranks high in the list of diseases causing mortality in adults. Since we are shown by statistics that it is a disease more common in adults than children,

mass skin testing of children is not advised. The Tuberculosis Control program in your town has been emphasized through visits to positive skin test reactors and visits to contacts of known cases.

The combined efforts of all the health minded citizens is the great factor in promoting a well rounded Health Program. The assistance given by local committees in various projects has been invaluable to your nurse.

Respectfully submitted,

GEORGINA J. PATTERSON,
